

Lameness in dairy cows

Friday 16.9.2016

Majatalo Onnela, Tuusula

(Rantatie 34, 04310 Tuusula)

Target group:	Veterinarians doing large animal practice
Language:	English and Finnish
Course fees:	For members of the Finnish Veterinary Association 250 euros, non-members 300 euros (VAT 0%), if enrolled by 30.6.2016. From 1.7.2016 until 15.8.2016, the course fee is 295 euros (VAT 0%) for members and 354 (VAT 0%) for non-members. From 16.8.2016, the course fees are 354 and 425 euros (VAT 0%), respectively.
Webinar:	For the very first time, Fennovet offers a live webinar broadcast! Course presentations are transmitted over the Web to registered webinar participants. The broadcast will include presentation materials for easy following of the course program. In addition, online followers will be able to see the presentation materials on their screens and are able to interact with the lecturers and fellow audience members in real-time with a text-based chat. The software works via web browser and it is easy to use. You will need a computer with a fairly modern web browser, a broadband internet connection, and headphones or speakers for audio. User support is available during the webinar. More detailed instructions for online participants will be provided closer to the webinar by e-mail. For this reason, please make sure to register with a correct e-mail address.
Webinar fees:	For members of the Finnish Veterinary Association 150 euros, non-members 180 euros (VAT 0%), if enrolled by 30.6.2016. From 1.7.2016, the course fee is 195 euros (VAT 0%) for members and 234 (VAT 0%) for non-members. The price includes the livestream webinar access (for one participant) and a possibility to view the webinar content during one week time after the webinar.

See the course programme on the next page!
